

All our products are exclusively MADE IN ITALY

EXPERIENCE

Since more than 40 years, Comipont is leader in Europe in the production of scaffolding, props and building accessories.

With an experience matured from over 40 years of activity, we are a precious ally for construction companies, thanks to a wide range of products and an increasingly rapid and professional service.

QUALITY

Completely automation and a modern production process guarantee a high quality product and a maximum competitive position on the market.

SERVICE

Comipont's offer includes a service dedicated to technical and commercial assistance, to support customer in optimizing the organization of the construction site.

VERSATILITY

Quality, competence and service are Comipont strengths. Thanks to a deep knowledge of construction field and to the close collaboration with the customer, we ensure the optimal solution for all needs.
